The perfect solution for every occasion

We understand that different occasions to enjoy a meal, a quick snack or just a drink require different product solutions. Efficiency and function may be the driving factors at the café or self-service buffet during rush hour, while creating the right atmosphere may be priority number one at the restaurant during dinnertime or when drinks are being served.

Regardless of occasion, Tork can supply the products that will not only provide the aesthetic experience you want to give your customers, but also fulfill the functional requirements any business faces, including good hygiene, cost-in-use, easy handling and storage.

Self-service

– Focus on function and efficiency

If your restaurant allows customers to serve themselves, you know that things have to happen fast, especially during rush hour. Refilling, waste management, and storage must be effortless, easy and convenient.

Fast food

Control consumption and avoid mess and waste with one-at-a-time napkin dispensing.

Café

When space is limited and you want to provide your customers with napkins that are easy to reach.

Buffet

Avoid the build-up of queues during rush hour by keeping napkins in plentiful supply.

Full service

– Customer experience is key

If you run a restaurant with table service, you know that the total experience is what keeps customers coming back. This means the table setting, with its design, color and quality feel, is an important identity-marker for the restaurant's ambience and expression. It reflects the care that you invest in food preparation and signifies the welcome that you offer your customers.

Outdoor lunch/dinner

When you serve food outside, you want to make sure your napkins stay where you leave them.

Casual lunch/dinner

Being able to quickly set and reset the tables while promoting your business can make all the difference.

Mix n' Match your special look

As its name suggests, our Mix n' Match concept gives you the chance to mix and match different napkins and tableware products allowing you to get inspired and select your favorites quickly and easily. The Mix n' Match collection* features four themes – Neo Traditional, Cosy Chic, Theatrical and Happy & Fresh.

Using exciting colors such as Midnight blue, Mountain pine green and a new classic, Plum, our Neo Traditional color range transforms a traditional environment into a trendy, modern setting.

Our Happy & Fresh color range uses Orange and Passion yellow to provide bright and sunny contrasts to cool Pistachio and the soft colors of Biscuit and Champagne. The result is a combination of fresh, tonic colors that give a sense of well-being and energy.

In our Cosy Chic color range, elegant colors such as Cream and Grey are given warmth by combining with Cocoa, Burgundy and Terracotta. The result is a soft look and a relaxed and sophisticated environment.

By using White, Flamboyant Red and Fuchsia mixed with cold Turquoise and Bright Fresh Green, our Theatrical color range creates a 'see and be seen' look that is strong and direct.

Let your table setting say something about you

Custom-printed napkins and tableware can make any occasion special. The possibilities are endless. Create your very own print, using up to three colors, to give a distinctive quality to Placemats, Cutlery pockets, LinStyle® Napkins, Coasters, and more. Let our custom print help you deliver a memorable dining experience.
